Proprietor of **pda**, Jeff Jones, has been involved in the gas and liquid petroleum pipeline industry since the late 80's. Jeff was Exxon trained as a multi-disciplined petroleum engineer in Esso/BHP's Bass Strait oil & gas fields obtaining significant upstream operating and project experience as an industry renowned Project, Facilities & Construction engineer.

Jeff's operational and project experience has been further solidified from 12 years with Thiess Pty Ltd; in Senior Project Manager roles for large complex infrastructure and pipeline projects, as Oil & Gas Proposals Manager for PT Thiess Indonesia. In Thiess Corporate, Jeff was responsible for undertaking project reviews, and implementation & support of management systems for Thiess Groups' projects, operations & maintenance, and risk management.

Since 2005 Jeff has provided independent operational and project management services through **pda** to a variety of pipeline Owner/Operator & Contracting organisations, including the landmark Santos \$19B GLNG mega-project from concept through to implementation. Other major international O&G pda clients have included BG-QGC, Exxon, NZ First-Gas, Santos, Shell and Saudi Aramco.

Jeff is recognized as competent and approved by State Regulators (WA, SA, Vic, NSW, QLD) and is regularly engaged to undertake periodic external Pipeline Management System (PMS) audits. Jeff also combines many elements of his operating experience in providing effective Safety Management Studies and AS 2885 / AS4645 Risk Assessments for Owners and Operators of both gas and liquid petroleum pipelines. Pda has repeat engagements with many pipeline licensees and operators; including APA Group, Ampol, Caltex, Elgas, Jemena, Mobil, Multinet Gas and Viva Energy, for both transmission and networks assets.

Jeff is an independent member of the pipeline industry organisation APGA and brings a wealth of successful project delivery and operating experience, with first-hand understanding of business & commercial drivers to allow **pda** to provide superior pipeline risk and assurance independent consulting services.

Jeff is a member of the Society of Petroleum Engineers and has been an active member of the AS2885 ME-038 subcommittees for Part 1, 3 & 6 since 2016.
